NOTE: If this is a shipped semen breeding, please have your breeding facility contact us at least 24 hours prior to shipping semen if at all possible. We will always make every effort possible to accommodate if possible. Our fees are all inclusive. There are no additional fees above and beyond our stud fee, other than the cost of shipping semen to your facility for the first breeding. However, if additional shipments are required, a collection fee of \$150.00 will be charged to each additional shipment.

Please return this information sheet with your contract and a copy of your mare's registration papers. We appreciate your interest in our stallions and look forward to working with you.
